### County Board Accepts Jones' Resignation, But Fails to Name Successor

#### Delay Action Until January; Two Seek Appointment

The Saline County Board of Supervisors yesterday read and accepted the resignation of Glen O. Jones as state's attorney as of Jan. 31 but no action was taken at the meeting on a successor although two candidates for the appointment were at the meeting. Action was put off until January.

At the meeting and saying they would accept the appointment were K. C. Ronalds and Lloyd H. Melton, both former state's attorneys and former assistant state's attorneys. Ronalds at present is assistant to Jones. Both are Republicans as is State's Attorney Jones.

Also speaking at the board meeting were John W. Biggers, young Harrisburg attorney, who said he would appreciate being the assistant to Mr. Ronalds, if he were appointed, and Fred Wasson of Carrier Mills, president of the the Saline County Dry association.

**Vacancy on Jan. 1**  
Wasson, who told the board he represented an organization of several hundred voters, declared "We recommend for state's attorney K. C. Ronalds, present assistant state's attorney, upon his personal reputation and his past record, and our confidence in him as a law-abiding officer."

A vacancy will occur Jan. 1 because Glen O. Jones was elected state senator from the 51st district Nov. 2 and will assume his new office at that time. The term of

state's attorney does not expire until 1956, leaving two more years of the present term to which Jones was elected.

It was generally thought that the board would take up a successor to Jones today and following a caucus of the 14 Republican members and a brief closed meeting of the eight Democratic members, the meeting was called to order.

**Request By Circuit Judges**  
Jones' letter vacating the office as of Dec. 31 was read and accepted. Then a request signed by Circuit Judges Harold Zimmerman, C. Ross Reynolds and Clarence E. Wright, that the board had an appointment to make was read. According to the law, when there is a vacancy a majority of the circuit judges in the district must request an appointment from the county board. This was done by the judges after receiving a copy of Jones' letter.

Jones was called into the meeting by William Alfred Smith of Galatia, chairman, and Jones said he was leaving the office with a friendly attachment to the board. Then he declared:

"Sometimes we get more heat than light into our discussions and you board members should make this appointment with one objective in mind—do the best you can for the best interests of the county."

"I have never tried to dictate the actions of the board in this matter," he continued. "I have exerted no pressure. I have not tried to influence anyone on the matter. The law simply and directly places on the board the responsibility of selecting and appointing the man to run the office after Dec. 31."

**Judges Can Name Attorney**  
Then Jones said that in his opinion, in order to make an appointment there first must be a "vacancy in being—and I have not vacated."

"You are not compelled to make an appointment at this time—but you can do it today," he added later. "And if there is any legal question involved I'll give you on snap judgment, but will make a thorough search of the law."

Jones said if there was no state attorney appointed on Jan. 1, the judge of the courts could appoint any attorney to take care of the cases as they were set, and that the assistant state's attorney could perform the duties.

Later Ronalds was called on and he pointed out that the statute is very plain that when an elective

### Issue Permits For Three Oil Drilling Tests

Three drilling permits for oil tests in Eldorado township and one for Raleigh township were issued recently at Springfield. The permit went to John D. Upchurch of Eldorado for the Bertha B. Bishop No. 1 in the NE corner of the SW quarter of Section 10, 8S-6E. This is just a short distance north of the village of Raleigh.

The Eldorado permits: Pato Petroleum Corp., M. Carmel, for the Clara Barrett et al No. 1, NE corner of the SW quarter of Section 7, 8S-7E.

Calvert Drilling, Inc., Olney, for the M. Endicott No. 5, SE corner of the SE quarter of Section 2, 8S-7E.

G. F. Fowler No. 1, NE corner of the SE quarter of the NE quarter of Section 11, 8S-7E.

**Southern Illinois Fire Season One of Lightest on Record**  
BENTON, Ill. — The fall fire season in southern Illinois forests and woodlands had one of the lightest fire losses on record, Max H. Lane, staff forester in charge of southern Illinois forestry headquarters here, said today.

Lane said frequent rains in November and this month kept fire danger moderate and the cooperation of hunters and other persons using forests was a big factor in the low number of fires.

Southern Illinois fire districts reported 318 fires which destroyed almost 39,000 acres of timber in 1954, Lane said. Fires during the first three months of the year accounted for 36,000 acres of burned timber.

### Ex-Convict Denies Part in Sandoval Bank Holdup

EAST ST. LOUIS — Former convict William C. Higgins Thursday denied any part in the \$11,561 holdup of the First National Bank at Sandoval, Ill.

He testified in Federal Court here that he was making rounds to sell advertising in Sandoval about the time the holdup occurred last Oct. 21. He said he had parked his car across from the bank.

Higgins, identified earlier by two bank officials as the bandit, said he found no one at the business places he visited and that he and his companion, Truman Corcoran, 30, of Grand Rapids, Mich., returned to the automobile and drove to a tavern seven blocks away.

The two men were arrested there after police found a bag containing \$11,561 and a .32 caliber pistol in Higgins' car.

The Trenton, Ill., three-time loser is charged with being the bandit, and Corcoran is accused of aiding and abetting him.

### Farm Bureau Elects Shuman, Opposes Draft

NEW YORK — The American Farm Bureau Federation opposed the peacetime draft system and recommended a vigorous recruitment policy and a better reserve training plan in resolutions passed Thursday at the close of its 36th annual convention here.

The resolutions form the federation's policies for the coming year. The draft resolution called the present system a "particularly undesirable form of universal conscription." It called either for its elimination or changes to prevent young men from "dangling in an uncertain status until age 26."

Other resolutions adopted by the convention recommended: 1. Federal legislation to require uniform time, either standard or daylight, throughout each time zone in the United States.

2. Continued TVA distribution of power in the area now served, rather than the development of private production of power to supplement TVA's supply.

3. Congress be asked to give a mandatory directive to the secretary of agriculture to control production on acres left idle as a result of production control and price support measures.

4. Termination of the federal motor fuel tax to permit the states to assume this area of taxation.

The federation elected Charles B. Shuman, of Sullivan, Ill., president of the Illinois Agricultural Assn., to succeed Allan B. Kline as president. Kline, president of the federation since 1947, announced his resignation, because of ill health, before the convention on Tuesday.

Shuman was nominated from the floor and the nominations immediately were closed.

He will take over leadership of the 1,609,000 farm family organization, representing farmers in all 48 states and Puerto Rico, after nine years as president of its Illinois affiliate.

### SIU to Offer Three Extension Courses in County

R. Dale Wilson, county superintendent of schools, today announced that Southern Illinois university will offer three extension courses in Saline county the second semester and that first meetings of the classes will be held during the week of Jan. 24.

Two will be given at Harrisburg Junior high, the other at Eldorado high school. The courses offered: Education 355 — Philosophy of Education. Junior high school. Art 332—Jewelry. Junior high school. Leon Moberg, instructor. This is an advanced course and all persons who took the first course may take this one.

Agriculture 310 or 316, the course to be decided upon at the first meeting, Eldorado high school. Lowell Tucker, instructor.

**Ashland Voters Reject Changing City's Name**  
ASHLAND, Ill. — The village of Ashland has voted against going into competition with Santa Claus and Christmas.

Residents Thursday night overwhelmingly rejected a proposal to change the name of the central Illinois town to North Pole, Ill.

### Five Verdicts To Consider, Judge Counsels

#### Murder Trial of Cleveland Doctor Is Nearing Climax

CLEVELAND, Ohio — Five housewives and seven husbands today began deliberating the fate of Dr. Samuel H. Sheppard, accused of the bludgeoned murder of his wife. A verdict of guilty as charged can send him to the electric chair. The murder trial jury retired to its beige-walled deliberation room on the third floor of the Criminal Courts Building at 10:13 a. m. EST.

Dr. Sheppard, 30, accused of slaying his pregnant wife Marilyn, 31, last July 4, stood up from his chair at the counsel table and watched the jurors file out.

The case of the sports-loving Dr. Sam which has excited the nation was nearing its climax. He was accused by the state of beating his wife to death after quarreling with her about his affairs with pert Susan Hayes, 24, and other women.

Dr. Sam sat in his familiar courtroom pose, hands clasped in front of his breast, as the judge read the charge for 38 minutes.

The jury was told to consider five verdicts. They are: innocent; guilty of first degree murder with a mandatory penalty of death; guilty of first degree murder with recommendation of mercy, which provides a mandatory life sentence; guilty of second degree murder, which provides a life sentence with possibility of parole after 10 years; and guilty of first degree manslaughter, which provides a prison term of 1 to 20 years with possibility of parole after 11 months.

Dr. Sheppard was led from the courtroom at 10:18 a. m. by his guard, James Kilroy. There were tears in his eyes as he turned and waved to members of his family and his minister.

He had received a warm handshake from his oldest brother, Dr. Richard N. Sheppard, 38, and his assistant defense attorney, Arthur Petersilge.

When the jury went to lunch, a bailiff disclosed that juror No. 4, William C. Lamb, 30, a construction supervisor, had been chosen foreman. Lamb is married and has three children.

**Wm. E. Patton, 44, Former Resident, Dies at Mt. Vernon**  
William Ellis Patton, 44, former resident of Harrisburg, died Wednesday at 6:30 p. m. at his home in Mt. Vernon, 1005 Pace street.

He had been ill since Monday and on Wednesday afternoon went into a diabetic coma from which he never revived.

Mr. Patton worked for the Arensman shoe store in Harrisburg for seven years and then transferred to Mt. Vernon to become manager of the Mammoth shoe store which is also owned by Arensman. At the time of his death he was assistant manager of the Illinois Brokerage.

He was born in Sparks Hill to Mr. and Mrs. James H. Patton on August 6, 1910.

He leaves his wife, the former Mildred House; three children, Joan, 21, Washington, D. C., Carol, 13, and Billy, 10, both at home; his parents, Mr. and Mrs. James H. Patton of Sparks Hill, and the following brothers and sisters: Lillian Firman, Waco, Tex.; Samuel Patton, Rolla, Mo.; Ruth Goins, Peoria, John Patton of Shawneetown, Eunice Hicks, Anita Carnett and Dora Parish, all of Harrisburg.

One brother, James Patton Jr., preceded him in death 14 years ago.

Funeral services will be held Saturday at 1 p. m. at Myers chapel in Mt. Vernon. The body will then be returned to Elizabethtown for burial in the Odd Fellows cemetery.

**Frank L. Veach, 83, Retired Postal Worker, Dies at Home in Marion**  
Frank L. Veach, 83, native of Johnson county who for many years was an employee at the post office in Marion before his retirement in 1936, died yesterday morning at his home, 1411 West Chestnut, in Marion.

The funeral will be held at the Wilson funeral home Sunday at 1:30 p. m. Rev. Carl E. Hern, pastor of the First Methodist church where he was a member, will officiate, assisted by T. R. Brown, pastor of the Second Baptist church in Marion.

### Meet Your County Officials—

COUNTY SUPERINTENDENT OF SCHOOLS R. Dale Wilson is completing eight years in office, having first been elected in 1946 and reelected to the post in 1950. Hunter, assistant county superintendent of schools, from Carrier Mills and Mr. Wilson. Standing at file case is Mrs. Lucille Lewis of Galatia, office secretary. (Register Staff Photo)

### Life in Harrisburg

Life in Harrisburg. Uptown Harrisburg.

Five thirty p. m. Charles O. Farrar walks into police department with suitcase. A nice suitcase.

"I found it in my car. It isn't mine. I don't know how it got there."

Six thirty p. m. Herman Lambert walks into police department.

"I came for suitcase. Got put in wrong car. By mistake."

### Robert Dempsey, 26, is Fatally Injured in Mine

Robert Dempsey, 26 years old, of Carrier Mills, was fatally injured in a coal mine accident last night.

Dempsey, a loading machine operator at Sahara 5 mine west of Harrisburg, was killed about 10 p. m. by a fall of rock, Coroner Elmer M. Gibbons said today.

Gibbons said that Tom Goldman, mine manager, and Roby Ferrell and Joe Cavathan were working near him when the rock fell and they removed his body from the rock.

Gibbons announced that the inquest into his death would be held at the Carrier Mills city hall at seven o'clock tonight.

The body was taken to the Miller funeral home in Carrier Mills. Funeral services will be held Monday at 2 p. m. at the Church of God on North Main street in Carrier Mills. Rev. Carl Hanvey and Rev. Ernest Ammon will officiate, and burial will be in the Salem cemetery.

The body was taken at 3 p. m. today to his residence on East End street to lie in state.

He is survived by his wife, Mary Lou; two children, Randall Gene, age 3, and Linda Darlene, six months; parents, Mr. and Mrs. Kenneth Dempsey, Carrier Mills; one sister, Mrs. Robert (Ruth) Asher, Carrier Mills; and two brothers, Kenneth Dempsey Jr., of Carrier Mills, and Billy Rae Dempsey of Joliet.

Palbearers will be Harry Tanner, John Gouen, Leo King, Thomas Swan, Sunny Rogers, and Randall Cushman.

### Drinks Disinfectant, Then Leaps to Death From Hotel Room

TERRE HAUTE, Ind. — An Illinois man apparently drank two bottles of disinfectant Thursday night, then leaped to his death from his fifth floor hotel room, police said today.

He was identified as William Svados, about 40, Berwyn, Ill.

The body was found at the rear of the Terre Haute House, this city's largest hotel, at about 9:45 p. m. CST. There were no witnesses to the fall, and no motive was established.

Investigators found the two bottles in Svados' room, which was locked from the inside, after gaining entrance through a transom.

### Defense Department Unveils New Military Manpower Program

WASHINGTON — The Defense Department today unveiled a new military manpower program designed to hold active armed forces down to a "reasonable" size and build up a minute-man reserve force of three million men.

The program is designed, the administration feels, to prepare the armed forces for the long pull of the cold war or the sudden onslaught of global atomic war.

Under the program virtually all the nation's physically fit youth could expect to undergo some form of military service—as enlistees, draftees, or specially trained reserves.

The program will be submitted for approval to the next Congress which meets in January. The administration has put a priority tag on it.

**A Modified UMT**  
The most important, and most controversial point in the program, is the proposed establishment of a modified form of universal military training. This would provide that a limited number of youths could volunteer for six months of active training and then be compelled to serve 9½ years in the reserves.

In brief, the main points of the proposed program are: 1. Those selected for the six months basic training and 9½ years in the reserves will number about 100,000 annually at the start. 2. The draft law, now due to expire next June 30, would be extended for four years—until 1959. 3. Draftees would serve two years active duty to be followed by six years required reserve duty.

**Reserve Duty Mandatory**  
A key feature of the program is to make mandatory the reserve obligation of draftees. Failure of draftees to participate in the reserves after release from active

SPRINGFIELD — Gov. William G. Stratton held forth hopes today that Illinois can avoid a sales tax hike in 1955.

Stratton told reporters Thursday it will "take some doing" to balance the 1955-57 state budget without increasing taxes but "I think we can do it."

"I think every effort must be made to relieve the people of the necessity of paying higher taxes," he said. "We'll make every effort to balance the budget with present revenue."

The chief executive said two years ago there were those who believed a sales tax hike was inevitable, but the state has avoided it.

"Although it will be a little more difficult this time, I think we can do it," Stratton said.

**Sketches Legislative Plans**  
The question came up at a news conference when Stratton sketched some of his plans for the 1955 Illinois legislative session which opens here Jan. 5.

He said the only constitutional amendment he expects to recommend the Legislature approve in 1955 probably will be one to revamp the Illinois court system.

Stratton said he expects to make another attempt to win passage of a bill setting up a state crime commission. Another measure he wants passed, he said, would bolster the attorney general's powers to look into law enforcement conditions.

In response to a question, Stratton said the administration won't have its own plan for redistricting the Legislature. He said he feels this is a problem for the lawmakers themselves to work out.

WASHINGTON — Sen. Joseph R. McCarthy (R-Wis.) was back from a nine-day vacation today, minus the sling for his injured elbow.

His wife Jean said the elbow has improved considerably but is "still giving him a little trouble."

### Cable Indicates 'No' to Efforts To Free Airmen

#### Hammaraskjold to Set Date for Visit While in Sweden

UNITED NATIONS, N. Y. — United Nations Secretary General Dag Hammarskjold will leave for Peiping soon after Christmas to try to negotiate with Red China for the release of 11 American airmen imprisoned on make spy charges.

UNITED NATIONS, N. Y. — Red China's Premier Chou En-Lai today invited U. N. Secretary General Dag Hammarskjold to Red China, presumably to discuss the case of 11 U. S. airmen imprisoned there as spies.

Hammarskjold announced he will go to Peiping as soon as he returns to the United States from Stockholm, where he will accept his late father's seat in the Swedish Academy. He will leave New York at 6 o'clock tonight and return Tuesday or Wednesday.

Chou sent two cables to Hammarskjold in which he bitterly attacked the United Nations for condemning the imprisonment and giving Hammarskjold a mandate to seek an audience in Peiping. But he extended the secretary general a cordial welcome to visit Peiping.

The wording of Chou's inflammatory cable indicated he would say "no" to Hammarskjold's efforts to win freedom for the airmen.

**Door Left Open**  
At the same time Chou apparently left the door open for discussions of four other U. S. airmen and several hundred U. N. personnel still held as war prisoners who were not tried by Red courts.

A Red Chinese "People's Court" convicted the 11 Americans on spy charges after the prosecutors claimed they were shot down in China and not in North Korea as the United States charged.

In asking Chou for the meeting in a cable dispatched to Peiping last Friday, Hammarskjold suggested a date soon after Dec. 26.

Hammarskjold was expected to set the time and make other arrangements while in Stockholm. He has an appointment there with Communist Chinese envoy Keng Pao.

**See Propaganda Victory**  
The first reaction in Asia was that Chou had scored a propaganda victory by agreeing to receive on his own terms the head of a world organization that has refused membership to Red China.

Nevertheless, Chou's invitation to Hammarskjold was expected to be received in the United States as good news.

Henry Cabot Lodge, U. S. ambassador to the United Nations, said "we hope this will mean progress in getting our men home."

"We wish Mr. Hammarskjold success in his mission," Lodge said.

The U. N. General Assembly last Friday voted 47-5, with only the Soviet bloc dissenting, to authorize Hammarskjold to use his office in

### Mother of Five Children Sends Plea to Santa

SPRINGFIELD — An urgent plea to Santa Claus from a Texas mother of five children will be answered by a package of toys and other gifts.

In a letter to Santa Claus addressed to the Post Office here, an English, Tex., woman said her husband had deserted her in 1952 before she brought her children to this country from Europe.

She said she was unable to find a job and her "children need a lot of things, clothes and shoes."

She sent her letter to Springfield because she had overheard a woman say that Santa Claus had a Springfield address, she said.

Postmaster W. E. McElroy gave the letter to Dr. Norman Linder, chairman of the local Junior Chamber of Commerce, Santa's Helpers committee. Linder said a package will arrive in the small town near Corpus Christi, Tex., in time for Christmas.

## Bomb in Auto Injures Two

EAST ST. LOUIS, Ill. (AP)—The  
explosion of a high-powered dynamite  
bomb in a car Thursday night  
seriously injured two men described  
by police as "hoodlums."

The bomb was apparently at-  
tached to the ignition system of the  
victim's car and exploded when the  
starter button was pushed. The  
explosion broke many windows in  
the area and blew a hole in the  
street.

The injured were identified as  
Angelo Lodato, 36, who lost his  
right leg, and James Sergeant, 32.  
Both men were taken to St. Mary's  
hospital here.

## PETER EDSON'S Washington News Notebook

Early Birds—Dixon Jokes—Yates Estimates—  
Prolific People—Budget Woes—Good Question

The Daily Register, Harrisburg, Illinois  
Page Two Friday, December 17, 1954

WASHINGTON — (NEA) — Ap-  
plications for tickets to the first  
football game between Notre Dame  
and the new U. S. Air Force Acad-  
emy, to be opened next July at the  
Lowry Air Force base near Colo-  
rado Springs, Colo., are already  
pouring in.

Just when this game will be  
played, nobody knows, nor where.  
But the mere prospect of a three-  
cornered rivalry between West  
Point, Annapolis and "Lowry," or  
Colorado Springs, or whatever they  
call it, has whetted the interest of  
sports fans. And the three serv-  
ice schools themselves are expect-  
ed to carry on the traditional riv-  
ality of the two against Notre  
Dame.

1st. Col. Robert V. Whitlow,  
former three-letter man at West  
Point, who has been made ath-  
letic director for the AF Acad-  
emy, has no athletic fund and no  
alumni association. Since gov-  
ernment funds can't be used for  
inter-school competition, an ath-  
letic association has already been  
formed to finance a sports pro-  
gram.

The Air Force cadets will  
choose their own mascot, but  
Air Force magazine says it's a  
safe bet that either an eagle or a  
falcon will be chosen.

EDGAR H. DIXON of the now  
famous Dixon-Yates power com-  
bine, tells one about a man who  
got a flat tire in front of an in-  
sane asylum. While he was  
changing wheels, the lugs fell  
down a grating over a sewer in-  
take. As the man stood around  
cussing and wondering what to  
do, the head of one of the institu-  
tion's inmates appeared at the  
grating and asked what was  
wrong?

When the car owner told him,  
the man from the insane asylum  
said, "That's no problem. Take  
one lug off each of the other three  
wheels, and fasten your spare tire  
on with them till you get to a ga-  
rage and pick up some more."

Sheepishly, the car owner  
started to carry out this plan of  
action, but then he looked at the  
man through the grating and  
said, "How did you happen to  
think of that? I thought you were  
supposed to be crazy."

"Sure I'm crazy," answered the  
inmate, "but that doesn't mean  
I'm stupid."

Comments Mr. Dixon after tel-  
ling this story: "I may qualify as  
either one for getting mixed up  
in this government power deal."

EUGENE A. YATES, the other  
(20 per cent) partner in the  
Dixon-Yates combine, thinks that  
atomic energy as a source of elec-  
tric energy won't work any sudden  
or sweeping revolution in the pow-  
er business, but that it will be ab-  
sorbed gradually in the normal  
growth of the industry. Wide,  
commercial use of atomic energy  
power may be 10, 15 or even 20  
years away, he says. As these new  
atomic energy units are built, they  
may be used to replace worn-out  
steam plants.

"We're constantly junking 30  
and 35-year-old steam plants," ex-  
plains Mr. Yates. As head of the  
Southern Co., owner of Georgia  
Power, Alabama Power, Birming-  
ham Gulf Power and Mississippi  
River Power Companies, Mr. Yates  
directs the operations of all their  
plants. His theory is that the new,  
more economic, atomic energy  
units will be used to replace the  
high-cost, noneconomic units, rat-  
her than to outmode and replace  
the more modern units during their  
useful life.

DR. ROBERT C. COOK, direc-

tor of the Population Reference  
Bureau of Washington, has come  
up with a new report on what  
are claimed to be the most pro-  
lific people in the world. They  
aren't the Puerto Ricans, Mexi-  
cans, Chinese, Indians, Indone-  
sians or Malaysians, as might be  
imagined by statistics on the  
most overpopulated countries.  
They are the Hutterites, a Prot-  
estant, Anabaptist sect, that lives  
in the Dakotas, Montana and  
neighboring Canadian provinces.  
Four hundred Hutterites mi-  
grated from Russia to the Amer-  
ican northwest from 1874 to 1877.  
Since then they have increased to  
more than 8,000. If this present  
fertility rate continues, they  
will number 18,000 by 1970, at  
the completion of their first cen-  
tury in America. And by 2054  
they will number half a million.  
"By the time their families are  
completed," reports Dr. Cook,  
"the majority of Hutterite wom-  
en have had nine or more chil-  
dren."

REPORTS THAT the next Demo-

### Busy Women's Bible Class Holds Christmas Party

The Christmas party of the Busy Women's Bible class of the First Methodist church was held Tuesday evening at the home of Mrs. Anna Williams with 48 members present.

As the guests arrived they placed gifts under the Christmas tree gaily decorated in the traditional red and green. The meeting was opened by singing "Joy to the World."

A quartet sang "Silent Night," and there was a reading by Mrs. Clyde Harding on "Let's Keep Christmas." The devotion was by Mrs. O. E. Barter and Mrs. Mary Jennings gave a reading.

A short memorial was conducted by Mrs. Robert Melven. Mrs. Car-

rie Barter, Mrs. Clyde Harding and Lola Cox in memory of Mrs. Nellie Peak, a beloved member.

The committee in charge was Mrs. Robert Conover, chairman, Mrs. O. E. Barter, Mrs. H. E. Rawlins, Ruth Stephenson, Lola Cox, Mrs. Irl Dixon and Susie Tate.

Refreshments of date pudding, whipped cream and coffee were served.

#### Chill Checks Conversion

Each kernel of corn is about 5 per cent sugar when ripe. Hot weather, however, may convert more than half the sugar to starch in the first 24 hours after the corn is picked. Chilling greatly retards this sugar conversion.

### Theta Rho Rebekahettes Elect New Officers

The Theta Rho Rebekahettes Club No. 8 held a special meeting Monday evening in order to elect new officers for the coming year and to present the petitions of a group of new members.

After the petitions had been accepted and fees paid the election was held with the following results: Norma McDonald, president; Dorothy Winkelman, vice president; Norma Butler, recording secretary; Nancy Fulkerson, financial secretary; and Janice Stiff, treasurer.

A number of other officers will be appointed by the incoming president and an installation ceremony will be held January 4 at 7 p. m.

Mrs. A. C. Williams left today for Wichita, Kansas, where she will spend a Christmas vacation with her son-in-law and daughter, Mr. and Mrs. Frank Seten. Mrs. Williams, who is employed at the F. G. Hendrix Paint and Wallpaper store, will return after the first of the year.

### Ingram Hill Baptist W. M. U. Has Lottie Moon Program

Nine women were present at the Ingram Hill Baptist church for an all day meeting in observance of the week of prayer program for the Lottie Moon Christmas offering. The meeting was held at the church with potluck at noon.

Mrs. Grace Whitlock, who is G. A. counselor, taught the mission study book, "Adventures in Brazil," to the Junior G. A.'s and R. A.'s.

Twenty four boys and girls were present.

Rev. Donald Whitlock is R. A. leader. Mrs. Willie Cummins taught the book, "Little Missionary," to 13 Sunbeams. Mrs. D. B. Hall and Mrs. Joseph Smith are Sunbeam leaders.

The Y. W. A. gave its program Sunday morning before the entire Sunday school group.

The offering for all of the W. M. U. and its organizations for the Lottie Moon Christmas offering amounted to \$85.11.

## Social and Personal Items

### December Meeting Held by Xi Beta Omega

Xi Beta Omega, exemplar chapter of the Beta Sigma Phi sorority, held its December business meeting Monday evening in the home of Mrs. Fannie Hendrix on West College street, with Mrs. Eleanor Molinarolo as assistant hostess.

Plans for the Christmas party, reports and other chapter business matters, were presented with Maryalve Morris, president, presiding over the agenda.

At the close of the business session, Bernice Kimberlin, program chairman, introduced Marian Utter, who gave the interesting topic of the evening, "Background—Walls—and Textiles," the fourth lesson in the series of "The Home We Make," the chapter's study and educational course for the year.

In stressing the importance of "background," Mrs. Utter talked mostly on the need of the individual and suiting the "background" of the home or the walls to the activities, size of room and personal tastes. In her interesting and informative speech she gave a brief treatment to principles of design, molding and trim, types of doors, types of walls, wall finishes and factors in color theme.

The remainder of the program topic dealt with "Textiles," and the speaker gave a brief summary of the correct materials and uses for upholstery or slipcovers, draperies and curtains, bedspreads, blankets and floors.

The evening was closed with a conversational hour and a delicious dessert course served by the hostesses to the following members:

Pat Davenport, Rosalee Dorris, Betty Hendrix, Mary Humm, Jean Gaskins, Bettie Jackson, Bernice Kimberlin, Norma Johnson, Eleanor Molinarolo, Margaret Moore, Maryalve Morris, Sadie Lou Stricklin, Wilma Mae Rubel, Loidema Taylor, Naida Upchurch and Marian Utter.

### First Baptist Deborah Class Has Christmas Party

The Deborah class of the First Baptist church held its Christmas party Tuesday evening in the youth center. After a delicious potluck dinner Mrs. Robert Mugge, class president, presented Mrs. R. J. Morman, who used as a beautiful devotional theme, "Let's Keep Christmas."

Mrs. Floyd Lacy led the group in singing a Christmas hymn after which Miss Faye Moffett showed beautiful colored pictures she took during her recent European tour.

Christmas gifts were exchanged and Mrs. Bob Burnett, teacher, and Mrs. R. Dale Wilson, assistant teacher, were presented with gifts from the class.

Mrs. Ed Creek, Mrs. Louie Beltz, Mrs. Fred Armistead and Mrs. M. P. McDonald, group leaders, acted as hostesses. Other members and guests included Mrs. R. J. Morman, Miss Faye Moffett, Mrs. Robert Mugge, Mrs. Eulless Hughes, Mrs. Frank Cummins, Mrs. Marion Lane, Mrs. George Lindenmuth, Mrs. Floyd Lacy, Mrs. George E. Johnson, Mrs. Freda Keltner, Mrs. Bob Burnett, Mrs. R. Dale Wilson, Mrs. Robert Capel and Mrs. W. A. Hamby.

The United Friendship club will be guests on the Coffee club program Saturday, Dec. 18, at 11 a. m.

The next meeting will be held at the home of Mrs. Virginia DeVille on Jan. 11.

### Christmas Party by Golden Rule Circle

The Golden Rule circle of the Sloan Street General Baptist church held a Christmas party recently at the church. The opening song, "Silent Night," was led by Mrs. Ann Ewell, and "Away In a Manger" was led by Mrs. Thelma Ewell. Scripture reading, Luke 2:1-21, was by Mrs. Alice Reed, vice president, and was followed by prayer.

An offering followed the singing of "What a Friend We Have in Jesus," led by Mrs. Helen Hicks. Roll call was answered with a scripture reading, and the birthday of Mrs. Helen Hicks was recognized.

The following Christmas readings were given: "Christmas Spirit," by Mrs. Helen Hicks; "When Christmas Comes," by Mrs. Donna Harris; "The Babe of Bethlehem," Mrs. Ona Melton; "Child of the Manger," Mrs. Flora May; "Christmas Tide," Mrs. Mary Lou Spurlock.

The song, "Merry Christmas," was sung by Mrs. Annabell Deaton; "Christmas Peace," by Mrs. Cora Church; "Christ of Christmas," by Mrs. Ann Ewell, and "Following the Star" by Mrs. Alice Reed.

"Blest Be the Tie That Binds" was the closing song and prayer by Mrs. Edna Spurlock closed the meeting.

An exchange of Christmas gifts was followed by the serving of pie and coffee. Mrs. Ann Foster was a visitor at the meeting.

### Mrs. Virgil Wright Entertains Liberty Home Bureau Unit

The Liberty Home Bureau unit met Friday evening at the home of Mrs. Virgil Wright. Nine members answered roll call with "What I Think it Takes to Make a Good Christmas."

Mrs. Barbara Rice gave the major topic on "Gift Wrapping."

After the regular business meeting there was a Christmas party and the group enjoyed singing Christmas carols and watching TV.

Refreshments were served and each member and one visitor received a gift.

The next meeting will be at the home of Mrs. Willie Hendren.

## Russia Protests Statement by U. S. General

LONDON (AP) — Russia today registered a formal protest with Britain against statements by U. S. Brig. Gen. John D. Stevenson that his British-based Thunderstreak fighter-bombers are ready, at a moment's notice, to hammer targets in Eastern Europe.

The Soviet protest was handed to Lord Kirkpatrick, permanent undersecretary of the British Foreign Office by the Soviet charge d'affaires, at the Foreign Office.

At Sculthorpe Airfield, in Norfolk, General Stevenson said he could not comment on the Soviet protest.

"That obviously will have to come from a lot higher up," he said.

General Stevenson's 49th Air Division is the North Atlantic Treaty Organization's principal atomic force which could retaliate in the event of Red aggression in Europe.

The United Press reported Dec. 5 that Stevenson's all-jet air division had been assigned to the mission of striking back with atomic weapons against any Russian attack on NATO armies.

Dec. 10, Stevenson announced to newsmen invited to visit his jet fighter base that his swept-wing, F84F fighter bombers and B45 tornado light bombers were ready to fly such missions at a moment's notice.

The statement protested by Moscow was made by General Stevenson when the F84F Thunderstreaks made their first appearance in Britain.

### "Stone Cancer"

Because of a rumored collapse of the famous Colosseum, the Italian government is examining a phenomenon known as "cancer of the stone," which is said to threaten the historical monuments of the whole world.

## Earthquake Jars San Francisco

SAN FRANCISCO (AP)—A jarring earthquake rocked the San Francisco Bay area Thursday night with an up and down motion that rattled dishes and awakened thousands from sleep.

The quake, centered in southern Alameda County on the eastern shore of San Francisco Bay, was felt at 11:09 p. m. It was followed five minutes later by a second shock. No major damage was reported.

W. C. Marion, assistant seismologist at the University of California, said it was probably centered on the old Hayward fault near San

Lorenzo. He said it was probably not connected with the quake that shook Nevada, California and three other Western states early Thursday.

## Housewife Tops Golf-Playing Mate In Walking Mileage

CHICAGO (AP)—Mrs. Typical Housewife was declared the winner today over her golf-playing husband in the mileage department.

A survey by a Chicago firm showed that the housewife during the course of her day's housework covers nine to 11 miles—or about 36 holes of golf on the average course.

## Ousted College Doctor Says World Will Not End, Sees Catastrophes Tuesday

CHICAGO (AP)—The world is in for earthquakes, tidal waves and volcanic eruptions next Tuesday, ousted college physician Charles Laughhead said. But it won't exactly come to an end.

Laughhead, who was fired from his post with Michigan State College on grounds that he was predicting the end of the world, made this reassuring forecast here on Thursday as he consulted with a

fellow believer in imminent doom. Next Tuesday, he said, will be merely a "turning point toward catastrophe in this part of the world." Chicago will be hit by a tidal wave, the ground from Hudson's Bay to the Gulf of Mexico may rise and the legendary continents of Atlantis and Mu may emerge from the seas, Laughhead said.

He warned that the Eastern and Western seaboard should also be on the lookout for "cataclysmic" upheavals.

### To Get Worse in '55

But things won't get really bad until 1955, the tall, ascetic-looking physician said.

By that time, he said, it's quite likely that all the land masses as they now exist will sink beneath the oceans and be replaced by new continents. Men from other planets may rescue a few of the earthlings in space ships, he said.

Laughhead refused to say whether he's going to stick it out in Chicago next Tuesday or go to some drier city.

"I myself expect to be in the world in the shape I now represent on Dec. 22," he said. "But what changes I am making in my life as a result of this prophecy are matters of my own personal conviction—not for public explanation."

Laughhead, 44, and his wife re-

ceived newsmen in the home of Mrs. Dorothy E. Martin of suburban Oak Park. He gave Mrs. Martin full credit for the predictions and said she had received the news from friends in outer space.

### Takes Dictation

Mrs. Martin agreed that last March she was sitting in her living room when "suddenly there was a buzzing in my head, like a signal, and I picked up a pencil."

"I started writing, but there was no thought involved," she said. "The pencil just wrote messages. One of them was that there would be this tidal wave hitting Lake Michigan Dec. 21 and then spreading to other cities."

The messages, she said, came from "connoisseurs" who live on an undiscovered planet called "Clarion." "Connoisseurs" often check up on the world in flying saucers or discs," she said.

Both Laughhead and Mrs. Martin refused to comment on the earthquakes which hit the West Coast Thursday. But Laughhead said the breakup of the world as we know it has already started in other areas. He cited the earthquakes in Assam and Tibet in 1950.

### Build \$100,000 Plant at Effingham

EFFINGHAM, Ill. (AP)—Construction has started here on a \$100,000 fertilizer plant for Effingham Equity, a cooperative owned by Effingham county farmers.

The plant scheduled for completion in February, 1955, will have manufacturing and storage facilities plus a soil testing laboratory. Equity officials estimated the new plant will save farmers up to \$90,000 yearly of their fertilizer costs.

TWO FEATURES AT GRAND—Dennis O'Keefe shows Margaret Sheridan a phony diamond in this scene from "The Diamond Wizard," to show at the Grand theatre Friday and Saturday. Also to be shown is "Thunder Pass."

## Eight Chinese Students Want To Be Swapped

NEW YORK (AP)—Eight Chinese students in the United States indicated today they would like to be swapped for the 11 American airman being held by the Communists in Red China.

Four Chinese technologists said in Cambridge, Mass., they definitely want to be swapped for the U. S. flyers who were captured by the Chinese during the Korean War.

One of them, Lin Cheng Sen, 33, said, "I want to go back and I don't care how."

Each of the students believes he is on the State Department's list of 35 Chinese students who were refused permission to leave this country because their technical knowledge would be valuable to the Communists.

Four other Chinese students in the Chicago area said they hoped an exchange can be worked out so they can return to their homelands.

T. C. Wang, a 31-year-old electrical engineering student at Northwestern University, said he would be "delighted" to be exchanged for the 11 airman.

However, he stipulated, he wants to stay here until he gets his degree next spring.

Han Chang, 33, said "it would be OK with me" if an exchange sends him back to his aged parents in China. But he insisted he is not a Communist and the U. S. government shouldn't hold him here.

Han, who would take his wife and year-old daughter with him if he returns, said he believes he can live under the Communists without being forced to adopt their beliefs.

"I Don't Care How" Sing T. Bow, 29, who holds a masters degree in electrical engineering from the University of Washington, said he would drop his studies for a doctor's degree

## Eisenhower to Deliver Christmas Message Today

WASHINGTON (AP)—President Eisenhower will deliver his Christmas message to the nation late today and then press a button which will light the national capital's 67-foot-high Christmas tree.

The nation may watch and listen since the ceremony will be carried by all major networks on television and radio. Starting time is 4 p. m. or 4:15 p. m. CST, depending on the network.

The President will speak from a stand near the Christmas tree which this year is located on the ellipse, a circular park near the White House, rather than on the White House lawn itself.

The ceremony also will include greetings to the President by an American Boy and Girl Scout and remarks by Secretary of the Interior Douglas McKay, honorary head of Washington's "Pageant of Peace" committee.

The President's lighting of the Christmas tree will be the signal for Americans to light other trees at military bases throughout the nation and overseas, in consulates and embassies abroad and in other community ceremonies.

"If there is any chance to go home—I don't care how it comes about—I want to go home," he said.

Alexander J. Wang, 33, who recently got a permit to leave after 11 months' waiting, meanwhile wrote an angry letter to a Chicago newspaper demanding that the 35 Chinese be released regardless of the airman's fate.

"Their (the students') sufferings and that of their families parallel in every way the worries confronting the airman and their families," he said.

One source said some students who have asked permission to leave are actually hopeful they will be refused. That way, he explained, the Communist government cannot use their "defection" against their families, yet they can remain free.

## Board Fails to Name Jones' Successor

(Continued from Page One)

office running more than a year longer is vacated, the people have a right to say who shall succeed at the polls, and added:

"If and when the time comes when the vacancy is consummated—and it isn't yet—if this body of men sees fit to select me to fill out the present incumbency I will accept the honor and do my best to serve the interests of the people of the county."

### Reports on Democrat Assistant

Biggers, who said he was 24 years old and wanted to stay in Harrisburg to practice law, declared "I would look forward to serving under Mr. Ronalds."

Nothing was brought out by Mr. Melton about an assistant state's attorney, were he named, but reports have been persistent that an agreement has been reached whereby it would be a Democratic attorney, that such an agreement might do away with a demand for a special election to name a successor later on.

Melton said he agreed with the remarks of Jones except, in his opinion, the assistant state's attorney would have no power to act after Jones vacates "as the assistant gets his authority through the state's attorney and when the term of the state's attorney ceases to exist, the authority of the assistant ceases at the same time."

### Adjourn to Jan. 8

Melton suggested that the board make its appointment that day and said that "if you wait until after Jan. 1 there will be a period of several days in which the county will be without a state's attorney. It's important that you make the appointment today."

However, after another meeting of the Republican members, the December gathering was adjourned until Saturday, Jan. 8.

There was one new member welcomed to the board of supervisors. He is Vernon Smith, Harrisburg Republican, appointed recently to replace Maynard Cannon, who resigned to become county treasurer.

Other action today included a number of resolutions by R. D. Brown, county superintendent of highways, that were approved. They included an appropriation for his salary for the year of 1955 (\$2,100), resolutions for road maintenance, improvement and others relative to the county road program.

### Thanks From Hilliard

Reports of the county offices were read by two members of the Reports committee, Raymond Field and Tom Maxwell, and William O. Douglas read a report of the Building committee. The living quarters of the jail will be redecorated under the Douglas report. These reports were approved.

Also approved was a report by J. H. Pittman, county mine inspector.

Paul Hilliard, former county treasurer, thanked the board for the way it co-operated with him during his four years in office and passed out cigars and candy bars. Mr. and Mrs. Hilliard are leaving soon to spend Christmas in Roswell, N. Mexico, with their son, Lt. J. C. Hilliard and family. Lt. Hilliard is in the Air Corps.

### Eisenhower Heads List of 10 Most Widely-Recognized

LOS ANGELES (AP)—President Eisenhower today headed the list of the "10 most widely-recognized faces of 1954," selected by the American Portrait Artists Association.

Rounding out the list are Winston Churchill, Albert Einstein, Ernest Hemingway, Pierre Mendes France, Sen. Joseph R. McCarthy, John Wayne, Rocky Marciano, Richard Nixon and Red Skelton. Marilyn Monroe failed to make it.

# Youth 'Tipped Off' Pals to \$20,000 in Father's Strongbox

son of a wealthy suburbanite has admitted he "tipped off" three pals

that his father's strongbox contained \$20,000. Police said Bruce Fritsche, 17, of Des Plaines, confessed taking \$200 from the box in the basement of his home. He then told his three friends about the box and they took the entire contents on

Dec. 8, police said.

Two of the youths were arrested Thursday and the third is being sought. Police recovered about \$12,500 of the \$20,000 which Fritsche said his father "just didn't get around to putting in the bank." Fritsche was freed on bond.

# Expect 200 to Attend U. of I. Coaching Clinic

CHAMPAIGN, Ill.—Advance registrations indicate more than 200 coaches will attend the annual Illinois High School Basketball clinic Saturday and Sunday, Dec. 18-19, in George Huff gymnasium, Harry Combes, program chairman, announced today.

The prep mentors will hear lectures and see practical demonstrations led by Combes, coach of the Illinois, Johnny Jordan of Notre Dame, Abe Saperstein of the Harlem Globe Trotters, and Barney Bodke of St. Rita high school in Chicago.

The clinic game, at which visitors will be guests of the University of Illinois Athletic Association, will be between Illinois and Notre Dame at 8 p. m. Saturday in Huff gym.

Complete clinic program:  
Saturday, Dec. 18  
12 to 1 p. m.—Registration, George Huff gymnasium.  
1 to 2:30 p. m.—"Offensive Patterns," Johnny Jordan, Notre Dame.  
2:30 to 3:30 p. m.—"Changing Defenses," Barney Bodke, St. Rita high school, Chicago.

3:30 to 4:30 p. m.—"Pivot Play," Abe Saperstein, Harlem Globe Trotters.  
8 p. m.—Intercollegiate Basketball, Illinois vs. Notre Dame.

Sunday, Dec. 19  
9 to 10:30 a. m.—"Demonstration of Fundamental Drills," Harry Combes, University of Illinois.  
10:30 a. m. to 12 noon—"Building a Team Defense," Johnny Jordan.

# Seixas, Trabert Clinch Victory Over Sweden

BRISBANE, Australia (AP)—Vic Seixas and Tony Trabert, ripping through a straight-set doubles triumph with dazzling speed to beat an approaching rainstorm, clinched victory for the United States today over Sweden in the interzone Davis Cup tennis finals.

In a display of all-around power that surprised and awed a capacity crowd, openly rooting for the Swedes, Seixas and Trabert crushed Sweden's Sven Davidson and Lennart Bergelin, 6-3, 6-4, 6-3 in a match that only required 56 minutes.

# Looking At Sports

By BILL MELTON

Next Wednesday and Thursday, Dec. 22 and 23, Eldorado will host to the third annual A. C. E. M. blind-draw basketball tournament. The initials are for the four schools participating—Anna, Cairo, Eldorado and Metropolis.

When this group of schools first got together for a holiday cage meet, it was agreed to hold the tourney in alphabetical order—so Anna held the first tourney, Cairo was host next and now it is Eldorado's time to do the honors. Next time it will be at Metropolis.

Anna not only hosted the first tourney, but also topped the field, defeating Eldorado in the championship game. The same two teams met again in the second title game, held at Cairo, but Eldorado was the winner.

Sessions are to get underway each evening at 7 o'clock, with the second game to follow at about 8:30. Admission per session has been announced as 50 cents for adults and 25 cents for students.

The program the first evening will actually get started about 6:30 when drawing will be made. Until that time the pairings will not be known or the time the teams will play. Fans from all four schools will have to be on hand early as there is no way to know which teams will play first until after the draw has been completed.

It's a winner take all tourney—only one trophy.

Like to have an official Rose Bowl program? The program, which regularly sells for 50 cents, will be awarded upon receipt of a dollar bill, check or money order addressed to "Official Rose Bowl Game Program, P. O. Box 750, Pasadena 1, Calif.," according to a recent letter received at the sports desk.

We're not actually trying to sell programs, but thought many of the Daily Register readers might be interested and pass this along as a service to you.

The release says the program contains complete game information, including colorful stories, pictures of all the players, coaches and officials, alphabetical and numerical rosters along with Tournament of Roses features.

Delivery of all orders received by Dec. 27 is guaranteed.

A Rose Bowl Story! This incident happened in the summer following University of Illinois' second successful appearance in the Rose Bowl, but I heard the story only recently.

John VanTrease, Eldorado sports fan, was vacationing through the west and his trip took him to Pasadena and of course that called for a visit to the famed Rose Bowl.

John says there was a tour of the plant, conducted by college boys from the west coast and they were telling of the wonders of the great bowl as the group was conducted all around the great stadium, under the stands etc. until finally they mounted the steps and were actually inside the stadium.

Then with a grand sweep of the arm, the guide said "There it is—the Rose Bowl!"

John removed his pipe from his mouth and said "The Big Ten's Happy Hunting Grounds!"

That remark almost cost John his place with the group as the western college boys failed to see even a small bit of humor in it.

Church League news! Entries for the proposed church basketball league came with a rush yesterday and apparently the league will operate.

Rev. Glen Daugherty, pastor of the First Christian church and president of the Ministerial Alliance, reports today that the Dorrisville Baptist, Salvation Army, Bankston Baptist, Christian and Nazarene churches will sponsor teams in both the younger and older divisions and the Catholic and Mt. Calvary General Baptist of Gaskins City will sponsor teams in the older division.

# Bannister Voted Sportsman of Year By European Editors

LONDON (AP)—Europe's top sports editors elected Roger Bannister of Britain as their "Sportsman of the Year" today in a final salute to the man who has bowed out of competitive athletics in the year during which he became the first man to shatter the four-minute mile.

Votes were polled from 24 editors who acclaimed the 25-year-old Bannister with 210 points—58 more than the 152 they handed Leningrad Marine Vladimir Kuts for second place.

On a basis of 10 points for a first-place nomination, nine for second, eight for third and so on, John Landy of Australia, present mile record holder, placed third with 94 points. He received 14 more than American shot-putting star Parry O'Brien, of Los Angeles, who placed 49.

# 400 Dead in Hunting Mishaps, Survey Shows

By United Press

More than 400 persons died in hunting mishaps this year, a state-by-state count showed today.

The tally showed 277 killed by gunfire, 96 by exertion-induced heart attacks, 26 by drowning and 10 in miscellaneous accidents. Scores were injured.

Last year's overall total was 290. As in previous years, the survey showed a disproportionate number of gunshot deaths involving teenagers.

In Ohio, for example, there were nine gunshot deaths, four involving persons under 20. Of 65 non-fatal accidents in Ohio, most involved teenagers.

Randall Guthrie, spokesman for the Ohio wildlife department, said the principal cause of the high accident rate among youngsters was lack of experience with firearms, excitability and lack of adult supervision.

# Three Suicides

But in New Mexico, there were 18 shooting accidents, five of them fatal, and the majority involved persons in the age group from 20 to 29 with five to 12 years of hunting experience.

At least three hunters committed suicide, the survey showed. In Idaho, one hunter apparently jumped off a cliff. Maine listed two suicides.

Pennsylvania led all other states in both shooting deaths, with 23, and heat attack, with 17. The state led all others last year, too, with 17 gunshot deaths and an overall total of 32.

West Virginia was second this year in gunshot deaths with 15. Minnesota had 14.

Florida reported only two gunfire deaths, and the state game commission attributed the low total to the fact that shotguns instead of rifles are commonly used in Florida. Another factor was a lower number of hunters per square mile.

Arizona, Iowa and Rhode Island reported no hunting deaths.

# Galatia Graders Defeat Raleigh, 47-21

Wednesday night the Galatia Grade school basketball team traveled to Raleigh and picked up victory number nine by a score of 47-21.

# NCAA Committee Probes Oklahoma Recruiting Policy

NORMAN, Okla. (AP)—An NCAA committee probing charges that Oklahoma University built powerhouse football teams by violating recruiting regulations continued questioning football players today, and recorded their answers.

The committee questioned football Coach Bud Wilkinson Thursday, along with members of his coaching staff and several of the players.

The NCAA has been investigating Oklahoma recruiting policies since last spring when some unidentified college registered a complaint.

The committee arrived Thursday in a sound-proof room, taking recordings of the questioning. The group had been invited here by Dr. George L. Cross, O. President, and the school's board of regents. Both Cross and the regents said there was nothing to hide at Oklahoma. The committee was headed by Dr. Frank N. Gardner of Drake University. The other two persons who came here are Walter Byers, NCAA executive secretary, and E. G. Wherrett, NCAA employee.

### Red Premier Invites UN Chief to China

(Continued from Page One)

an effort to obtain release of the Americans.

Chou's reply to Hammarskjold ridiculed the U. N. findings and charged the men were "spies" who were captured in Manchuria.

Chou also made the following claims:

1. The United Nations violated the U. N. charter by using spies against Red China.

2. The United Nations violated the UQOREA armistice terms by forcefully detaining some 40,000 captured North Koreans and Chinese.

3. The United Nations mustered the North Koreans and Chinese against their will into the armies of South Korean President Syngman Rhee and Generalissimo Chiang Kai-Shek.

4. Red China had the right to jail convicted spies and no amount of clamoring by the United States would deprive them of that right.

5. The United States put the pressure on the United Nations to cover up American aggression against Red China in the seizure of Formosa and the Pescadores and the signing of a mutual security pact with the Chiang Kai-Shek government.

6. The United States was attempting to create new international tensions to lay the groundwork for a new war.

There was immediate speculation that Chou, in agreeing to "personal talks" with Hammarskjold, would bring up the subject of 35 Chinese fatalities who have been refused permission to leave the United States.

These students gained considerable knowledge in their studies but apparently learned nothing that Red China doesn't already know. For this reason it was believed the United States would be willing to trade them for the 11 airmen and other U. N. prisoners still held in Red China.

6. The United States was attempting to create new international tensions to lay the groundwork for a new war.

There was immediate speculation that Chou, in agreeing to "personal talks" with Hammarskjold, would bring up the subject of 35 Chinese fatalities who have been refused permission to leave the United States.

These students gained considerable knowledge in their studies but apparently learned nothing that Red China doesn't already know. For this reason it was believed the United States would be willing to trade them for the 11 airmen and other U. N. prisoners still held in Red China.

### Two Mine Fatalities During November

SPRINGFIELD — Mine accidents in Illinois during November resulted in two deaths and 96 injuries, the State Mines and Minerals Department reported today.

Director B. H. Schull said a haulage in a Saline county mine was responsible for one of the fatal accidents, and a roof fall in a Williamson county mine caused the other.

Last month's accident list brought the 11-month total to 22 fatalities and 967 non-fatal injuries, Schull said.

Formosa is slightly larger than the state of Maryland, having an area of 13,890 square miles.

### Faces Questioning On Association With Clyde Powell

CHICAGO (UP)—Rocco de Grazia, alleged syndicate gambler, was expected to answer a federal subpoena today for questioning here and in Washington concerning any association with Clyde Powell, former assistant federal housing commissioner.

U. S. Atty. Robert Ticken said he had been advised that de Grazia would report to him today.

Ticken said he would tell de Grazia to appear next week before a federal grand jury investigating Midwest housing scandals here and then go to Washington for further questioning by another jury there.

Ticken said he hopes to learn why Powell allegedly sent a cashier's check for \$3,486 to de Grazia, who operates suburban night clubs alleged to be gambling joints.

## UN Rejects Soviet Charge of U. S. Aggression

UNITED NATIONS, N. Y. (UP)—A Russian charge that the United States was responsible for aggression against Communist China was rejected by the United Nations today by a vote of 44-5.

Only the five members of the Soviet bloc voted for the Soviet resolution.

Russia charged that "armed forces under the control of the United States"—meaning Nationalist China and the U. S. 7th Fleet—were committing "acts of aggression in the form of unprovoked armed attacks on the towns and coastal areas of Red China."

The Soviet delegation asked the U. N. to "condemn" the alleged acts of aggression and recommend that the United States, "which is responsible," take steps to end them.

### Nation Observes 51st Anniversary Of Powered Flight

WASHINGTON — The nation celebrated the 51st anniversary of powered flight today with promises of transport planes three times present size and warplanes twice as fast as sound.

Capital ceremonies were highlighted by President Eisenhower's presentation of the coveted Collier Aviation Trophy to builders of the first supersonic fighter planes, the Air Force Super Sabre and the Navy Skyray.

At Kitty Hawk, N. C., planes dipped wings over the site where Wilbur and Orville Wright of Dayton, Ohio, made the first powered flight in history on Dec. 17, 1903.

The Wrights' top speed that day was under 15 feet per second. A measure of progress after 51 years is the 800 feet per second speed at which a modern bomber approaches its target.

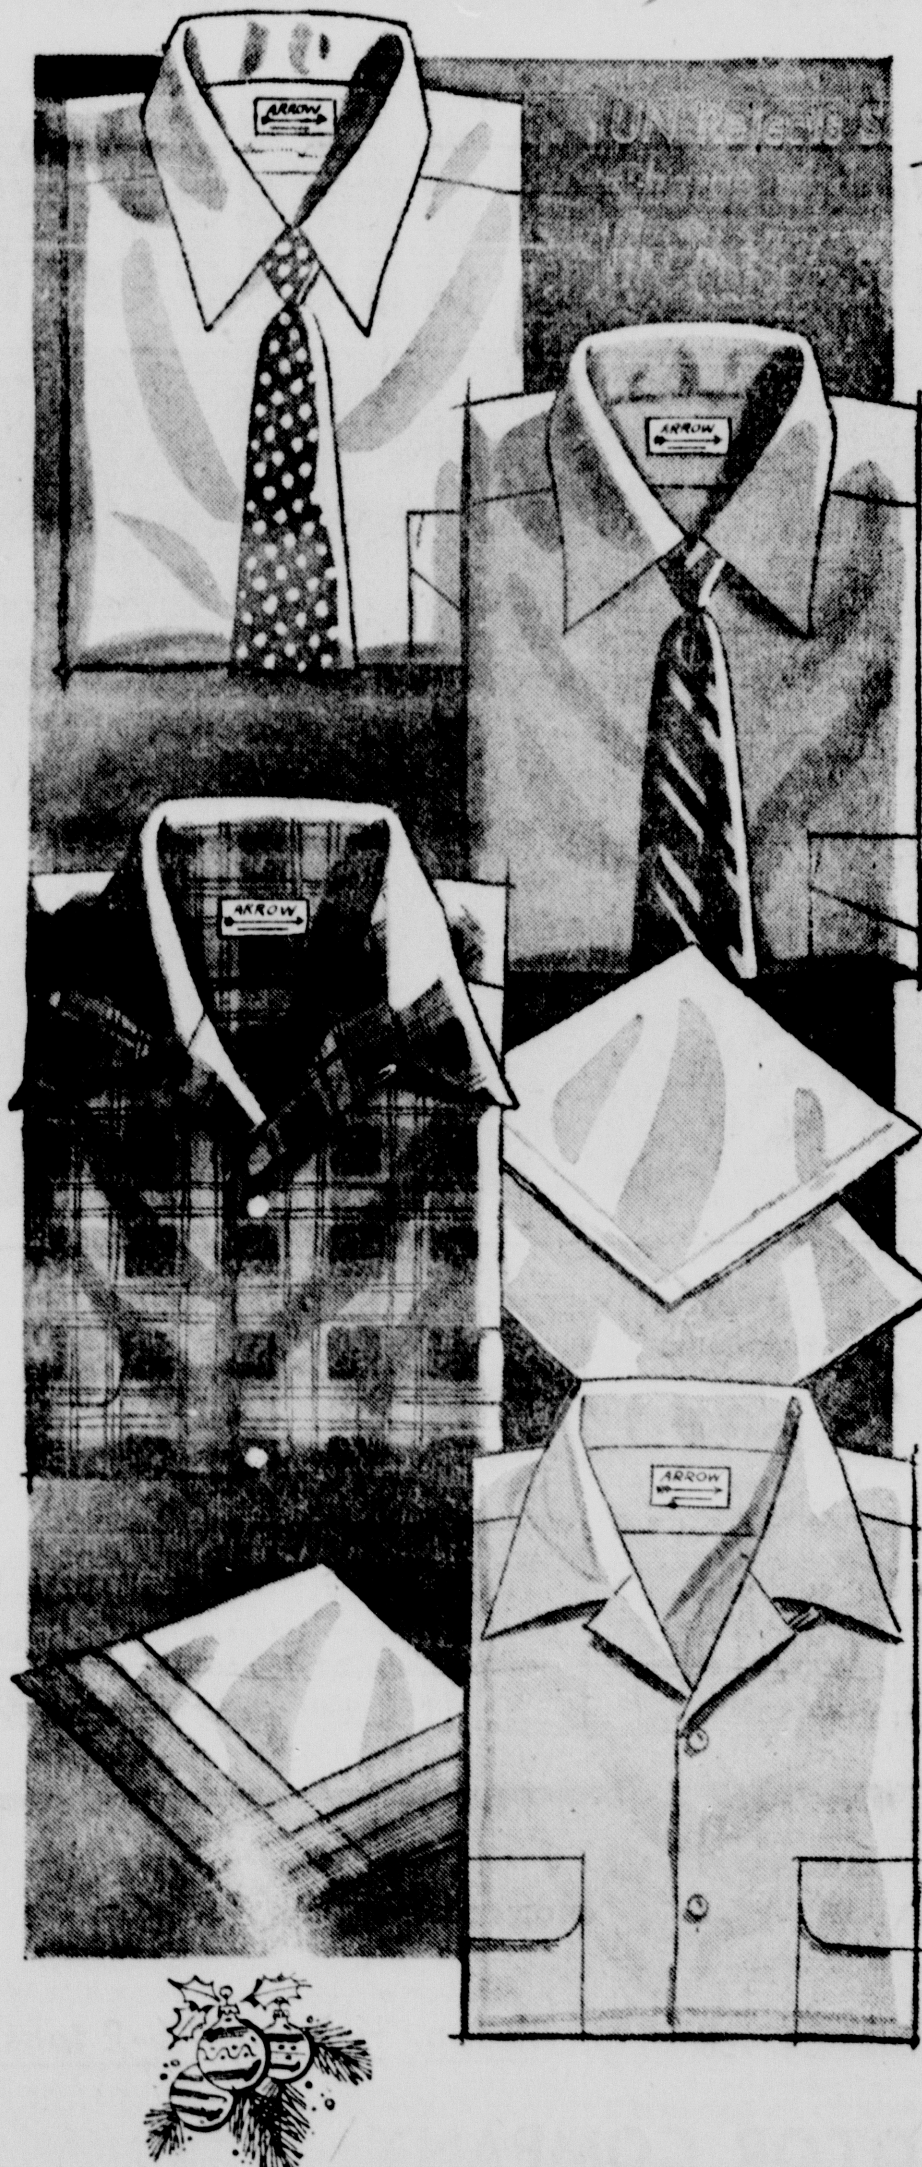

Peace Role Emphasized

Emphasis in today's celebrations was on the role of the airplane in international peace. A sentiment that Orville Wright voiced to the late Henry Ford in World War II was the theme for the annual Aero Club of Washington dinner to be attended tonight by some 2,000 persons including congressmen, government and industry officials.

Juan T. Trippe, president of Pan American World Airways, will be main speaker.

The Collier Trophy was awarded to James H. Kindelberger, board chairman of North American Aviation, Inc., and Edward H. Heinemann, chief engineer of Douglas Aircraft Co. Their companies built the first supersonic combat planes, respectively the Air Force F-100 Super Sabre and the Navy F4D Skyray. The Super Sabre holds the world speed record, 753.149 mph over a 15-kilometer course.

The explosion of Krakatoa, volcanic island in what now is Indonesia, in 1883 caused a sea wave that snuffed out the lives of 36,000 people.
